WELCOME

We extend a warm welcome to the players and officials of Salisbury for this Evo-Stik League South, Premier South match. We hope you have a pleasant stay with us along with the referee Michael Smith and his assistants Tom Simmonds and Bogdan Caraghin.

This is a historic day for Beaconsfield Town as we play our first game at Step Three and we are hoping to carry on the fine form of last season that clinched us the Evo-Stik League South One East title.

We will be looking for a good start this afternoon at home to Salisbury, who are managed by former Premiership player and BBC pundit Steve Claridge, before our trips to Basingstoke Town on Tuesday evening and Weymouth next Saturday.

A significant change this season focusses on our programme. With the valued assistance of our publishers and printers Grassroots Publications, our club's committee has decided to take up the opportunity to produce digital programmes this season.

We appreciate that for some die-hard supporters this move may be difficult to take but we are monitoring the situation very closely. The digital programme will be on the website at least 24 hours before the match.

We have worked hard to ensure that supporters can access the digital programme using the various devices that are available. It should be possible to print a copy off a desk-top computer or lap-top but you may have to have a compatible printer.

If you are unable to print off a programme and want copies during this season then Grassroots Publications can provide them either through a subscription or as a one-off. For further information please contact Graham White at Grassroots Publications at:

ACTION FROM THE RAMS

Evo-Stik League South, East
Saturday 28th April

Rams Man of the Match

LUKE NEVILLE

Beaconsfield Town were crowned champions of the Evo-Stik League South, East after earning the three points needed to ensure they couldn't be caught by AFC Rushden & Diamonds despite their home win over Ashford Town (Middx).

The hosts for sure made life difficult for The Rams, Sanchez Cammock forcing a save out of Brendan Hazlett on three minutes and their general 'physical' style of play not allowing the visitors to settle into their normal pattern of play though Callum Webb responded for Beaconsfield on ten minutes, bringing out a good save from Marlow stopper Simon Grant.

A meandering game then came to controversial life on 38 minutes when after some toing and froing in The Blues area Jerome Eccleston stooped to nod the ball well over the line only to see it scooped out by Marlow and play continue as none of the officials felt it had crossed the line!

Thankfully this was not to prove decisive as

on 53 minutes a corner from Baj Pashaj was met by a strong header from Eccleston.

Grant got a hand to it but couldn't hold it and Lee Barney was able to swivel and slam the ball in to the net. Was it Goal of the Season? No, but it was most certainly a Golden Goal as despite some late Marlow pressure, it proved enough to ensure that no matter what Rushden did, they couldn't topple The Rams.

The celebrations of the players, squad members and coaching staff at the final whistle will live long in the memory of everyone connected to Beaconsfield Town.

Our 'little' club has made it to Step Three of the football pyramid, the highest it has ever been.

It has a young, visionary manager with a hard working back room team, a close knit squad who will be more than capable of holding their own in the level above plus ambitious but sensible leadership off the pitch see their numbers grow.

This was a memorable day but not quite the final game of the season for we had to take on again Taunton Town, who were the South & West champions, for the Evo-Stik League South Division One title.

Having to endure heavy Bank Holiday traffic we suffered a defeat - maybe it was one game too many in what was a very successful season.

DANCING BAR NO SMOKING

FROM THE BENCH

Well it only seemed like yesterday that the trophy was at Rushden and the champions were at Marlow - I still haven't let it go!

Everyone behind the scenes have been working frantically to get us ready for the next level of football and I could write a book on all of the things that nobody sees that have to be done to get a game on a Saturday afternoon. We only have a handful of people that do the jobs and my sincere thanks go to them as they are the unsung heroes.

Since the end of the season we have lost five players. Scott Cousins has retired, Nick Hamann has gone back to Maidenhead, Lee Barney, Callum Webb and Nathan Webb have chased the pot of gold at the end of the rainbow at various clubs.

To keep the majority of the squad was vitally important as the continuity and team spirit will be vital this year.

We have a few new faces. Mayo Balogun (Left Back), Louis Stead (Midfield), Brendan Matthew (Centre Forward) and Dan Brown (Midfield). We also welcome back Omar Vassell and Charlie Lossaso from long term injuries as well.

Plenty of people have asked me what is our target this year, what do you want to achieve etc. The answer to that question is simple, try and win each game as it comes and see

where that takes us. To stay in the division would be a great achievement and we can work from there.

Everyone will give their all every week.

Enjoy today's game

EVO-STIK LEAGUE SOUTH NEWS

WEYMOUTH: Antonio Diaz spoke of his desire to repay Terras manager Mark Molesley after his signing was announced prior to the 2-2 friendly draw at Winchester City last weekend.

Diaz, who was a second-half substitute, was signed alongside Josh McQuoid and Matt Casey, with the latter on work experience forms.

The winger said: "It is really pleasing, I spoke to Moles a lot over pre-season and when I told him I was available he was really keen to get me on board and I just want to repay him that now and play well and play in as many games as I can and help the team win every game.

"There is a great buzz around the squad, really competitive, which is I think really important for us and we all push each other because everyone can play and there is competition for places but I am really pleased to get back and I cannot wait for this week."

Diaz admits the main aim is to go up and seal

ANTONIO DIAZ

promotion for Weymouth, but his personal goals are simply to help as much as he can.

He said: "That is the main aim to go up but personally I just want to play as many games as I can and make an impact when I am playing and just play well. Just try and play as many games as I can."

LATEST FROM HOLLOWAYS PARK

Three and half months since Lee Barney pounced to poke the ball home against Marlow to ensure that the Evo Stik League South, East title came to Beaconsfield rather than Rushden and here we go again!

Lots has been happening both on and off the pitch since that memorable day as The Rams prepare for life at the highest level they have ever competed at.

Behind the scenes, fences have been painted, seats have been mended, new dugouts have been set up, the fixture board has been re-sited, new team boards have been bought, the overgrowing vegetation around the ground has been cut back, the TV gantry has been widened and strengthened, the new food outlet should be up and running, the floodlights are all operational and new drainage has been put in at the turnstile end which should sort out our occasional flood water.

Water, of course, has been in short supply over the summer which might be great for sun worshippers but ain't a lot of good for non-league grounds-men! The lack of rain meant we lost our planned home pre-season games as we joined the mad rush of teams looking for 4G facilities to get games on. However, we still managed to get matches played against the likes of Wingate & Finchley, Maidenhead United, Billericay Town,

Biggleswade Town, Potters Bar Town, Slough Town and Uxbridge, all of which provided much needed game time.

Squad wise, there have been a series of comings and goings over the summer. Lee Barney has moved on to Hayes & Yeading United, the Webb brothers, Callum and Nathan, are seemingly with Chesham United, Ollie Jones has gone to Aylesbury United, Nick Hamann has returned to Maidenhead United and Brendan Hazlett has switched to Hanwell Town.

James Rogers-Oben is unattached and Michael Peacock has moved to Chertsey Town while Supporters Player of the Year Scott Cousins has decided to hang up his boots and retire.

Manager Gary Meakin has re-signed goalkeeper Ravan Constable from Wealdstone and brought in defender Mayowa Balogun from Bedford Town. Louis Stead has arrived from neighbours Chalfont St Peter, Brendan Matthew comes in from Egham Town and Dan Brown (the second!) has joined from Staines Town.

Returning from long term injuries are Charlie Losasso and Omar Vassell and they along with all the other squad members will be proudly wearing our brand new kit as they plan an assault on the Evo-Stik League South Premier, South Division.

Basingstoke Town - 14th August

The Ground: The Camrose Stadium is a largely open ground, which is dominated by the Main Stand on one side. It has a capacity of 650 seats. On one side of this stand is a small covered standing area, while the other side is unused.

Both ends are very small largely open terraces, although the East End does have a very small covered area. The remaining side is an odd affair, being a deep hard standing area with a small covered area situated quite far back from the pitch.

How To Get There: Leave the M3 at Junction 6 and take the A339 towards Basingstoke. At the large roundabout with the A30, turn left onto the A30 Ringway South. At the next roundabout bear left continuing along the A30.

You should now pass the stadium over on

The Ground: The Bob Lucas Stadium - formerly named the Wessex Stadium - has been the home ground of Weymouth since 1987. It was formerly a greyhound racing and speedway stadium.

In July 2010, the name of the stadium was changed from the Wessex Stadium in homage to the long-serving club president Bob Lucas, during his fight against cancer. He died a month later, aged 85.

How To Get There: From the A35 Dorchester By-pass, take the A354 towards Weymouth at the roundabout next to Dorchester Town.

In about 2 miles at the top of Ridgeway you will be on the new Weymouth Relief Road. At the first roundabout you come to take the second exit and follow the A354 'Town Centre' signs. At the second roundabout turn right for 'Town Centre'. At the third roundabout you will start to see the 'Wessex Stadium' signs.

Take the second exit keeping on the A354 and follow these signs. At the next roundabout, Chafeys, take the third exit for B3157 and follow the signs for 'Wessex Stadium'.

GreenFields to help reduce postponed matches

Evo-Stik League South has formed a partnership with pitch expert, GreenFields to give pitch advice for 84 clubs across the South of England.

With a successful first year as pitch partner of the Evo-Stik Northern Premier League under their belts, sports turf specialist GreenFields was today unveiled as the new official pitch partner for the clubs at the other end of the country, in the Evo-Stik League South. The partnership was announced to the league's 84 clubs this week in the lead up to the start of the Evo-Stik season today.

As established already with clubs in the North, GreenFields as a manufacturer and installer of FIFA accredited artificial pitches will provide advice and support on sports surfaces to the 84 clubs in the South.

This will help clubs who are looking at creating a business model focused on the increased footfall and usability of having a 3G pitch. GreenFields is also an established pitch maintenance provider with a national Grounds Team, and as a result of this, natural grass advice will also form a big part of the partnership. GreenFields will send out a newsletter every six weeks primarily focused on natural grass pitches as part of the drive to reduce the number of fixture postponements during the winter months.

PREMIER DIVISION, SOUTH PREVIEW

A new challenge for Beaconsfield Town, a higher level of football and new teams to visit.

However, there are one or two familiar faces such as Hartley Wintney, Chesham United and not forgetting Taunton Town, where we had some fine tussles in the Buildbase FA Trophy last season.

Given that most of the Evo-Stik League South Division One East title winning side have stayed, the Rams should have no fear about what lies ahead.

A challenge for the championship may be out of their reach but equally they should not be battling to avoid a quick return to Step Four.

There is no reason why Gary Meakin's lads cannot finish in the top ten, a seventh position is well within their capabilities.

The giants at Step Three will be keen to get back to the National League. Sometimes you wonder why Weymouth have been at this level for so long.

Dorchester Town are another big side that should be higher up in the Football Pyramid while Staines Town are also likely to be challenging for the play-offs.

Poole Town had a disappointing campaign last season and will be keen for a quick return to the National League South.

Salisbury could continue to climb after being reformed while there a number of other west country clubs that should be able to mount a promotion challenge.

These sides include Tiverton Town and Taunton Town but how will Swindon Supermarine and Wimborne Town fare?

Like Beaconsfield Town they are relatively small clubs and it is likely they will be at the lower end of the table.

A big question mark is the Welsh representatives Merthyr Town. They will either struggle or be the surprise package and be serious promotion candidates.

It is difficult to see how the London clubs will do well in a division where there is a large proportion of town clubs.

Certainly Walton Casuals and Kings Langley could be embroiled in a battle to avoid the drop.

Other sides that could find life difficult include Harrow Borough, Hendon and Met Police.

Whatever happens it will be a fascinating campaign for The Rams as they seek out some new pastures.

And they certainly will surprise one or two sides on their travels and hopefully Holloways Park will be a fortress.

ROUND THE PYRAMID

❑ **HARTLEPOOL UNITED:** Victoria Park will be renamed as the 'Super 6 Stadium' after Hartlepool United agreed a landmark sponsorship deal with the Soccer Saturday Super 6.

The sponsorship deal will see Pools' home ground subject to naming rights for the 2018-19 season, while the club will also display the Super 6 logo on the back of their shirts.

And club officials hope that the 'landmark' deal will help to elevate the club both on and off the field. Super 6 branding will start to appear around the ground over the next week, while the logos will appear on the rear of players' shirts for the first time when United take on Ebbsfleet this afternoon.

❑ **WEYMOUTH** have announced the triple signing of Antonio Diaz, Matt Casey and Josh McQuoid.

Diaz returns to the Terras, having spent time at the Bob Lucas last season and also featured for the Terras' Ridgeway rivals Dorchester Town last season.

The club said in a statement online that Casey has joined on work experience forms after impressing the club during pre-season. Former Bournemouth player McQuoid played against the Terras in a trial match recently.

The trio become the Terras' fifth, sixth and seventh new signings of the summer, following Lloyd Thomas, Tony Lee, Warren Bentley and Jordan Seabright.

❑ **CHESTERFIELD** have announced that talks over the potential sale of the club have come to an end, despite five months of negotiations with an interested party.

Director Ashley Carson confirmed the news in a statement on the Spireites' website, which reads: 'Following five months of negotiations over the sale of the football club, we feel it is in the best interests of the club to terminate any further negotiations with the party involved. We firmly believe that the offer was genuine and entered into NDAs and due diligence over a six-week period.'

HARTLEPOOL UNITED

❑ **BANBURY UNITED:** Dundee have signed Puritans defender Tom Bradbury. It means a professional contract for the centre-back, who had started out with the academy setup at Milton Keynes Dons.

Having played for Ware, he signed for Banbury United last January. He has now signed a deal with The Dee and is the Scottish Premiership side say he is set to be part of Jimmy Boyle's reserve squad.

The move for the 20-year-old was subject to international clearance.

❑ **NUNEATON TOWN:** Former West Bromwich Albion player James Hurst has agreed a deal with Nuneaton Town.

The 26-year-old right-back, who can play right-midfield, becomes the latest player to sign after impressing during his two trial games against Coalville Town and Kettering Town.

Hurst started out with West Bromwich Albion academy before joining Portsmouth, spending much of his time out on loan in the Championship and League One before moving to Iceland to play for Valur.

❑ **SOUTHPORT** have announced that full-back Stefan Mueller has signed for the club for the 2018-19 season. The 22-year-old American has spent most of pre-season with the club after arriving in the country a month ago, but had to wait for international paperwork to be formalised before signing.

Every season, in conjunction with the Football Association, we produce a Pyramid Poster. It shows the National League System make-up from Steps One to Six with all the Step Seven competitions also listed.

When it arrives from the printers each year, it's hard not to be taken aback by the scale of it all. For a country this size, we have a tremendous number of football clubs outside of the Football League.

From big cities to small towns – often boasting more than one team – to tiny villages, football weaves through the fabric of every blade of grass this country has. It's remarkable – and why everyone should be proud of the system in this country.

It is feasible – although investment is needed – for a tiny village club to reach the Premier League should it win promotion and meet the off-pitch standards along the way. Our designers who put the Pyramid Poster together are already thinking ahead a couple of years and quite how they are going to fit it all in.

As you will know, the number of divisions have expanded from this season with an extra at both Step Three and Step Four. It's all part of the FA's ongoing restructuring with the system in need of a reshape to fit with modern day life and an emphasis on reducing travelling times and costs. Clearly, it's never going to be perfect.

The very shape of our shores mean there will always be clubs on the periphery of boundaries. Even with the new divisions, we still see some clubs particularly hard hit, often through no fault of their own in the case of Hampshire outfit Fleet Town being shifted to a

new division as a knock-on effect of Yorkshire club Shaw Lane's demise. But there will be further changes as we move forward. The FA have confirmed they plan to introduce an eighth division at Step Four – almost certainly in the north-east – for 2020-21.

There are some oddities that need to be fixed with the bottle neck that has now been created in promotions at Step Three and Four. With only six clubs coming down from the National League North, it means only six clubs can go up from Step Three – four champions and then super play-offs across the divisions to decide the next two.

And at Step Four, only five of the seven play-off winners will go up on a points-per-game basis. It's, as the FA acknowledge, far from ideal. So expect the system to evolve over the coming years and, maybe, we could also see the much-needed third promotion place from the National League into the Football League. The English football system is unique – and fluidity of movement up and down is vital.

The FA Cup kicks off this weekend with more prize money on offer than ever before. It's been doubled this season and in the Extra Preliminary Round and Preliminary Round, losing clubs will also take home a slice of the pie (£750 and £960 respectively).

Fantastic news for all clubs at this level and even more of an incentive to strive for a great run in the competition. Of course, clubs can use the extra cash how they see fit but hopefully many will choose to invest it into their club, buy those new seats, put it towards that new toilet block and generally improve their facilities. No doubt, some will fancy bringing in a new striker.

OUR VISITORS - SALISBURY

Salisbury is a phoenix club. The Whites played their first competitive game on Saturday, 8 August 2015 away to Brockenhurst in the Sydenham's Wessex Premier Division, followed by the first competitive game on home turf, hosting Whitchurch United 3 days later.

The new club began in December 2014 when Salisbury FC Ltd was incorporated and created by a consortium of five – David Phillips, Ian Ridley, Jeremy Harwood, Graeme Mundy and Steve Claridge, the latter also having the role of team manager. After buying the remaining assets of predecessor club Salisbury City from the administrators, they started the huge task of creating a football club from scratch.

By early April 2015 a new lease had been obtained on the Raymond McEnhill Stadium which had been purpose-built in 1997 for the old club, enabling Salisbury to apply to the FA seeking a competitive league for the 2015-2016 season. However, the stadium had been locked and shuttered for a year, the grass on the pitch was 18 inches high, and much work was needed both on and off the pitch to bring it back into use. Supporters of the old club, desperate to see football back at the ground again, worked hard with other volunteers to get it all up and running in time for the first game 28th April 2015, when a friendly against AFC Totton was watched by 729 people and ended in a 2-2 draw.

In May 2015, the FA placed the new club in the Sydenham's Wessex League Premier Division. Steve Claridge then knew the level of competition the club would face, and the type of players he would need for the season ahead. Following some intense work in a very short time, in trial and friendly matches, he succeeded in putting a side together, finally having the nucleus of the squad just in time for those opening league games. For the loyal supporters and fans, 18 months of hurt and pain following the messy demise of Salisbury City was eased as they finally watched their new team line up for the first time.

Clubs representing the City in their various previous incarnations had had a proud and successful history over 67 years, and in the later years SCFC reached the first tier of non-league football, so expectations of the new club were high, but one point from the first two league games did not look too auspicious. Though the fans didn't know it yet, a magical first season was underway.

Not surprisingly, attendances throughout the season were good, averaging more than 700, and were higher than expected, matching previous attendances for Salisbury City.

Further progress has been made with Salisbury gaining promotion from the Evo-Stik League South Division One South & West to reach Step Three.

HISTORY OF THE RAMS

Though formed as recently as the summer of 2017 the roots of Beaconsfield Town FC stem from Beaconsfield SYCOB which was founded in 1994 following a merger between Beaconsfield United and Slough Youth Centre Old Boys - hence the 'SYCOB' in the club's name.

United dated back to 1921 and were themselves a coming together of two local teams whilst Slough Youth Centre formed their first football team in 1938. With Slough Youth Centre Old Boys unable to progress due to a lack of ground provisions and United themselves struggling on and off the field at the time the decision was taken to amalgamate the two clubs and so Beaconsfield SYCOB was born.

Initially playing in the London Spartan Premier Division, and with Fred Deanus as chairman, Beaconsfield chalked up a series of Top Five finishes before finally winning the league in 2000-01 under the guidance of Simon Delahunty. However they were refused promotion to the Isthmian League due to some harsh technicalities over the terms of their lease. A further three seasons were spent in the Spartan South Midlands Premier Division before SYCOB again won the league in 2003-04 and this time gained promotion to the Southern Football League - Division One East.

The Rams made solid progress in their early years at Step Four and over three seasons played in three different leagues – Division One East, Division One West and finally Division One South & West from where they were relegated in 2006-07. However the appointment of ex-player Jamie Jarvis, ably assisted by Peter Scott and with Bob Breen as chairman, saw The Rams not only win the Spartan South Midlands Premier Division at the first attempt but also win the Berks & Bucks FA Senior Trophy and the Premier Division League Cup, a fantastic treble of silverware. Promoted to Division One South & West, the club finished a highly creditable fourth place and made the play-offs before losing out to AFC Totton. Moving to the Southern League Midland Division for 2009-10

and with Fred Deanus returning as chairman, SYCOB then went through a succession of managers, players, highs and lows until finishing in bottom place in 2010-11. Only a reprieve and a league restructure saved The Rams from the drop but since then they have gone on to over achieve for a club of its size.

Under the guidance of Byron Walton they finished fifth in the 2011-12 season and lost out in the play-off final to Bedworth United. The following season and with James Pritchard at the helm they again finished fifth but lost out to Rugby Town in a play-off semi-final though the season did finish with some silverware following a fine win over Chesham United in the Berks & Bucks FA Senior Cup.

The 2013-14 campaign saw Gary Meakin take over as manager just five days before the start of the season and with only five players on the clubs books – to finish eighth and reach the quarter-finals of the League Cup was a fine achievement as was a runner up spot in the Berks & Bucks FA Senior Cup, Chesham United gaining revenge for defeat 12 months earlier. The 2014-15 season saw a partnership with the FAB Academy who provided the bulk of the teams players under the stewardship of Andy Hurley and Nas Bashir. That partnership continued into 2015-16 season with Geoff Warner as manager as The Rams finished in a respectable ninth place while the 2016-17 season saw them under the joint stewardship of Andy Hurley and Leigh Wooldridge and ended with a 16th place league finish though a run to the Fourth Qualifying Round of the FA Cup was a 'Best Ever' for SYCOB.

The 2017-18 season saw the return of Gary Meakin as the first manager of the newly named Beaconsfield Town, with Chris Coyle as chairman. The Rams had virtually a whole new team and, helped by an amazing away record, they kept in touch with the League pacesetters to finally gain top spot on the last day of the season and claim the Evo-Stik League South, East title. 2018-19 sees Beaconsfield Town competing at Step Three for the first time in their history in the newly formed Evo-Stik League South Premier South division.
